//qualifications

Creative and driven front-end developer with an extensive history of remote work. Highly skilled at turning HTML, CSS/Sass, JavaScript, and React into elegant and accessible designs for a better web.

Web Design: Trend-conscious, innovative designs that are WCAG-compliant, accessible, and mobile responsive.

Interpersonal Skills: Handling multiple simultaneous, time-sensitive projects. A demonstrable history of solid communication and collaboration with remote, distributed teammates.

Technical Proficiencies: HTML, CSS, Sass, JavaScript, React, version control (Git and GitHub), Figma, InVision, Gravit, GIMP, SAI, Photoshop, WordPress, Python.

//recent projects

LivestockCity: Designing and prototyping an iOS app for LivestockCity, *iOS Intern (January 2020 – May 2020)*

Technologies: InVision, Figma

- ◆ Designed iOS app, coordinating and collaborating with teammates and iOS developers to determine optimal user flow and UI/UX
- ◆ Created design resources and functional app prototype using Figma

Safe Harbor International Ministries: Updating and revising [safeharborim.com](https://www.safeharborim.com), *Web Development and Design Intern (August 2019 – December 2019)*

Technologies: WordPress, HTML5, CSS

- ◆ Spearheaded site-wide accessibility using alt text, focus rings, semantic and hand-coded HTML, WCAG 2 AAA text color contrast compliance, raising overall accessibility over 80%
- ◆ Designed and developed web pages and components, including hand-coding CSS, collaborating directly with the director and other teams
- ◆ Ensured full mobile responsiveness
- ◆ Initiated a site-wide SEO effort, increasing the search engine rankings for several pages
- ◆ Took on a training and leadership role through the creation of style guides and training videos for future interns, reducing required onboarding time for new interns more than 50%

React Citizenship Quiz: Created and launched a US citizenship study guide: <https://selenahunter.github.io/Citizenship-Quiz/>

Technologies: React, JavaScript, CSS, Git, GitHub, Who is my Representative API

- ◆ Conceptualized, designed, and developed a flashcard-based study guide for the civics portion of the US citizenship exam using React
- ◆ Ensured mobile-responsiveness and accessibility for optimal user reach
- ◆ Provides tailored, local responses based on the user's zip code and state by making use of the Who is my Representative API
